

Dear Pastor & Church,

I would like to apologize for not sending a prayer letter in the past quarter. I could say I had no time or that the ink in Colombia ran out, but that would not be very cristian like. So the best thing is to apologize and continue the work in Colombia.

Ok, now that I got that over with, I would like to thank you pastor and church for praying for this ministry in Colombia. It has been nothing but blessings it seems like month after month, as for the churches and the school that I have talked little about in my prayer letters, but God is doing great things with.

The church in Cali continues to grow steady as it should, the Lord has touched some of our men that we have trained by the grace of God to continue going into the highways and hedges and compel them to come in...

We have also began to minister to men in a couple of drug rehab locations in and around the city of Cali. The Lord has given us freedom to go in and not only preach the gospel to the men that are in the programs, but also to teach doctrine of the bible to those that have been saved by our preaching on a constant bases and of course the ones that have been saved before in other times elsewhere, but have not received any bible discipleship.

Please continue to pray for Javier & Claudia from the school (Liceo Betel) in Bogota, a School that has opened the gates to be able to start two churches.

Also pray for the Pastors and their churches..

Pastor Lorenzo & Marcela Gonzales, doing a fine job in the churches in Bogota.

Pastor Elkin Rendon & Family in Cartago, Valle, Colombia

Preacher Justo & Anna Hurtado

Preacher Arnulfo & Sandra Cuero.

Thank you for presenting these petitions before the Lord..

Luis Bolanos

Missionary in Colombia
