

Greetings once again from Mexico City,

First, we thank you all for your continued prayers and sacrificial support. Thanks be to God for HIS protection upon our home and family. The pollution level here has been extremely high due to no rain and wind to speak of. There has been some deaths reported and warnings of no physical exercise or jogging close to the downtown area. Please pray for rain to cleanse the city.

The building project: We began work on the columns in late February. These will be the support for the second floor. With earthquakes happening here from time to time, this step is Very important. The work is by hand, but we have a good work crew who have a mind to work. Praise the LORD! Hopefully the slab and all the work concerning the foundation will be done by May. This seems to be the most time consuming part of the project. The land is situated on rock, and so that makes the digging hard to accomplish. Praise the LORD the House of God will be built upon the ROCK! Please pray that the LORD supply the need to continue the project.

The Church news: There is a lady, Gladys, who has been to church about two months. She has come one Sunday, but mostly comes on Wednesdays, We have been teaching the Book of the Revelation, and God began to deal with her about her soul. Three weeks ago she came to Saturday night prayer meeting, and talked with my wife about Salvation. That night she asked the LORD to save her. She's a school teacher, and passing through great trials right now. Pray for her, that the LORD would give her the assurance needed. The family of Eduardo come about two times a month. We had the opportunity to make a visit one Saturday night with Eduardo's niece and her boyfriend Daniel. Pray for these people: Lulu and Jose Luis, Paulina, Daniel, Tere, and Sra. Conchita. Also pray for Rosa, David, and German.

Family: Maria and Ruth Ann just returned from the United States. Ruth Ann having taken her SATs. She will be returning for music camp in May. I'm praying about coming in for a couple of weeks to try and raise money for the building project. Pray the LORD will open doors in the hearts of people to give to this special need.

Pray for our sanity during this building task. Someone said as they were building Shady Acres they called it the 7 year great tribulation period.

Thanks again for all that you do in being a part of this work.  
Walt, Maria, and Ruth Ann
